

This complaint is in regard to Sinclair Broadcasting's abuse of our public airwaves.

I feel obligated to voice my objection to a system which allows a single interest - a company - the ability (and power) to leverage its own interests above those to the people. This concern transcends political association, and matters to us all - liberal and conservative. It is important that no one perspective or agenda dwarf all others.

Sinclair Broadcasting's airing of a political feature in order to influence the outcome of an election is shameful - and a misuse of our public airways.

It is a practice contradictory to the very reason for having the Federal Government control our airwaves, that is, to ensure that our programming is free and protect us from disingenuous influences.

Please consider these views when reviewing Sinclair Broadcasting license renewal applications or matters of deregulation.

Thank you for your time and consideration of the matter

Sincerely,  
Stephen K Hoover
